Youth safety culture survey

European Youth Parliament Serbia

Co-funded by the
Erasmus+ Programme
of the European Union

The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Our aim is gathering information about:

1. *Basic knowledge and experience with DRM&FSE among youth*
2. *Safety culture among youth*
3. *Possible interest in developed programmes and courses*

Our parameters:

- *high school and university students in Western Balkans*
- *the widest and biggest sample possible – mass survey*
- *simple and easily understood survey – subjects not acquainted with the field*
- *closed questions – data processing and simplicity of completion*
- *short*

Subject classification

- *Country of residence*
- *City of residence*
- *Year of birth*
- *I am currently attending:*
 - *High school*
 - *University*
- *My study area is:*
 - *Humanities and social sciences*
 - *Natural sciences*
 - *Engineering and technology*
 - *Medical sciences*
 - *Arts*

Basic experience

• I had a chance to learn about disaster risks and fire safety as part of my high school/university curriculum or during a lecture organized at my school/university. Yes/No?

• If yes, in what context?

- A complete course*
- A part of a course*
- One lecture*

• I had a chance to learn about disaster risks and fire safety outside of my school/university. Yes/No?

• I am a member of an organization or group that addresses the issues of public safety or risk awareness. Yes/No?

Safety culture

Rate all questions with 1 (I do not agree at all) to 5 (I completely agree)

- I am familiar with actions the institutions in my country are taking in order to deal with disaster risks and fire safety.*
- Enough attention is being given to disaster risks and fire safety in the general public and media.*
- People in my surroundings are well aware of the dangers of disaster events and fires.*
- My community is well prepared and equipped for disaster events and fires.*
- My family is aware of disaster and fire risks and prepared for emergencies.*

Safety culture

- *I feel prepared for a disaster event or fire.*
- *I am acquainted with the safety protocols I should follow in case of a disaster event or fire.*
- *I have taken part in an evacuation exercise at my school/university or other institution. Yes/No?*
- *If yes, how often?*
 - *One time only*
 - *Yearly*
 - *More often*

Basic knowledge

- *The main hazard(s) in my country are: Tick one or more.*
wildfires / building fires / floods / earthquakes
droughts / landslides / hail / hurricane winds / avalanches
tsunamis / extreme temperature / snow storms
- *I pay attention to the emergency signalization and evacuation plan when I enter a public building. Rate (1-5)*
- *I pay attention to the emergency signalization and evacuation plan when I enter a café or restaurant. Rate (1-5)*
- *I would know how to safely exit any building in case of an emergency. Rate (1-5)*

Basic knowledge

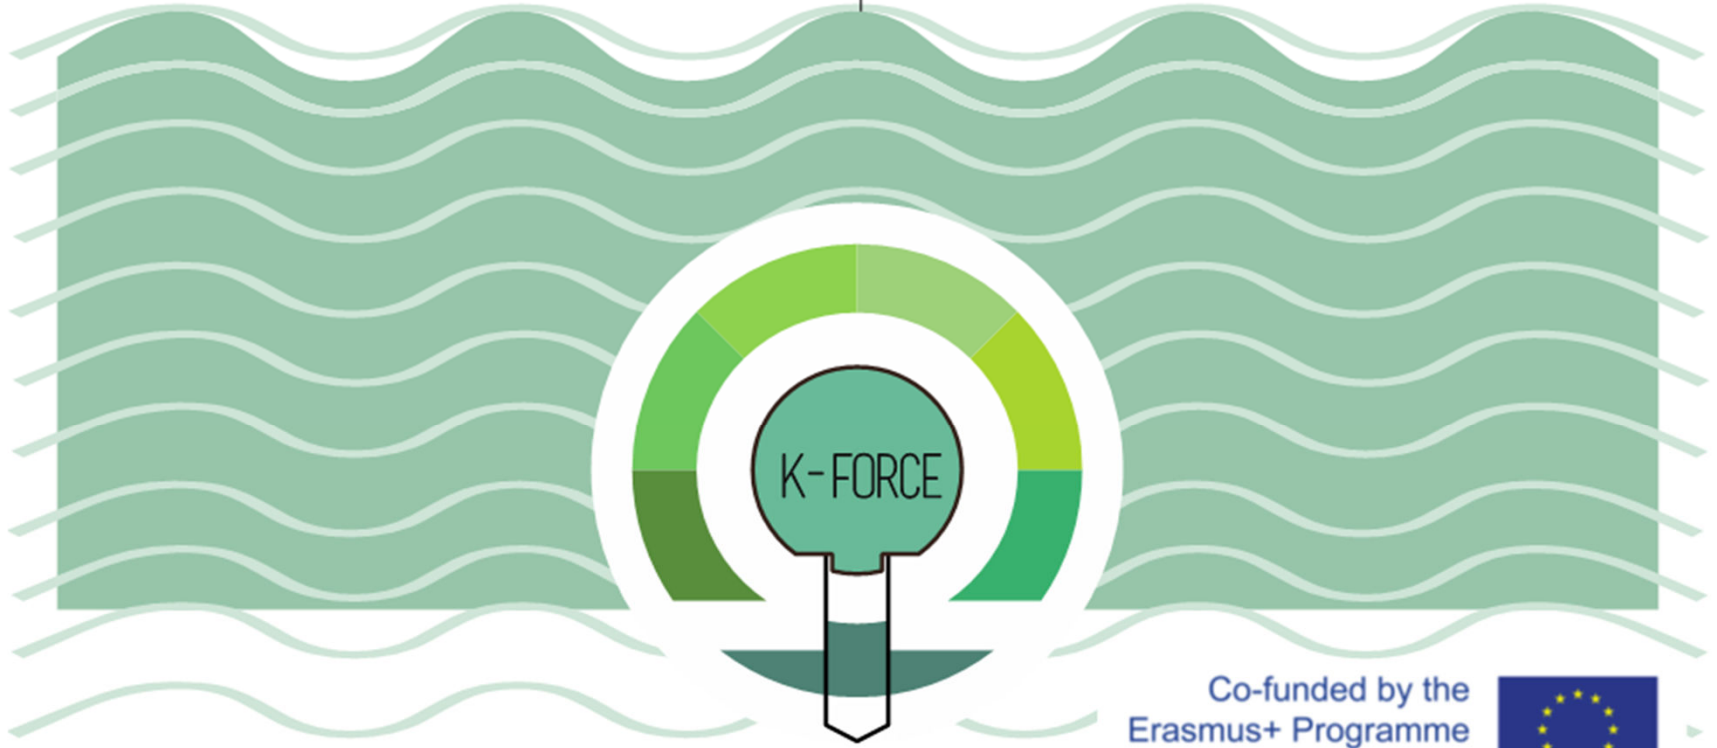

- *The three main components needed for a fire to burn are: Name them.*
- *In case of a fire, I would try to put it out by myself. Rate (1-5)*
- *I know how to use a fire extinguisher. Yes/No?*
- *If yes, how did you learn?*
 - *I read the instructions.*
 - *Someone explained it to me.*
 - *I practiced.*
- *In my building/house we have a: Tick one or more.*
fire extinguisher / fire alarm / fire suppression system
evacuation plan and signs / fire stairs / emergency exits
regular evacuation exercises / none of the above

Future students?

- *I am interested in studying Disaster Risk Management and Fire Safety at university. Rate (1-5)*
- *I am interested in obtaining a Master's degree in Disaster Risk Management and Fire Safety. Rate (1-5)*
- *I would attend an elective course in Disaster Risk Management and Fire Safety at my university. Rate (1-5)*
- *I would attend a free course in Disaster Risk Management and Fire Safety organized by K-FORCE project team. Rate(1-5)*
- *I think the best learning medium for Disaster Risk Management and Fire Safety is:
books / ebooks(online library) / webinars / classic lectures
practical exercises / instructional videos / round tables / other*
