RULES

- Equipment costs will be reimbursed on the basis of the eligible costs actually incurred.
- The beneficiaries may not split the purchase of equipment into smaller contracts below the threshold.
- Furthermore, the equipment must be properly registered in the inventory of the institution concerned.
- All equipment purchased with the Erasmus+ CBHE funds must bear an Erasmus+ sticker provided by the Agency.
- VAT is not considered as an eligible project cost. Therefore, the measures for the exemption should be launched sufficiently in advance to the purchase of the equipment.

RULES

- Compared to the equipment as specified in the original application, minor adaptations in terms of quantity and product in the purchased equipment can be accepted without prior authorization provided that the budgetary ceilings are respected, the corresponding equipment items are eligible, the modification can be justified and is related with the project objectives.
- In case of significant changes of the equipment to be purchased compared to the equipment as specified in the original application, prior written authorization from the Agency should be given during project implementation.
