LLL courses final report

University of Zilina
Faculty of Security Engineering

Description of task

The report is the final outcome of Task 6.2 Report on defined LLL outcomes of Work package 6 Implementation of LLL courses.

P1-P6 in cooperation with non-HEI partners P12-P16 will discuss and agree on required LLL outcomes in WBC, according to data obtained.

Questionnaire

P10 (UNIZA) created a draft version of the questionnaire in English and distributed to all WBC HEIs during Q2 of 2018:
- *University of Novi Sad*
- *Higher Education Technical School of Professional Studies in Novi Sad*
- *University of Tuzla*
- *University of Banja Luka*
- *University of Tirana*
- *Epoka University*

Each WBC HEI was to provide 3 LLL courses adopted from MSc programme.

Structure of questionnaire

Section 1 GENERAL INFORMATION

Section 2 LLL COURSE 1 – ADOPTED FROM MASTER COURSE

Section 3 LLL COURSE 2 – ADOPTED FROM MASTER COURSE

Section 4 LLL COURSE 3 – ADOPTED FROM MASTER COURSE

Section 5 LLL COURSES OUTCOMES

Course content and format related questions

Title of LLL course 1 – May be the same or different from the linked/adapted Master course (mandatory question)

Linked master programme course ID – Provide official course / reference number of the master course to be adapted as LLL course:

Linked master programme course title – Provide official title of the master course to be adapted as LLL course:

Linked master programme course annotation and objectives – Provide a short annotation and objectives of the master course to be adapted as LLL course:

Linked master programme course topics to be covered – Provide a list of topics of the master course to be adapted as LLL course:

Course content and format related questions

Linked master programme ECTS awarded – Provide number of ECTS awarded for the completion of the master course to be adapted as LLL course:

Linked master programme year of study – Provide year of master studies during which the course to be adapted as LLL course is taught:

Linked master programme course selection – Is the masters programme course to be adopted mandatory or elective

What percentage of the content of the Masters course will be adopted in the LLL course?

List any topics from the Masters course which will not be covered in the LLL course

How many standard teaching hours will the LLLcourse last:

Course content and format related questions

List any prerequisites for the LLL course enrolment / attendance – e.g. BSc, MSc or other diploma, level of knowledge of computer skills, foreign language, years of experience, theoretical background etc. :

List any specific requirements for the LLL course – e.g. computer equipment, software, labs, literature and / or standards on top of materials provided, etc.: (mandatory question)

What is the maximum attendants per group for effective teaching?

What course schedule is required for effective content delivery?

Indicate the ratio of theoretical vs. practice content of the LLL course

Indicate the envisaged attendance format of the LLL course

Course content and format related questions

Main outcomes of the LLL course – Provide 3 to 5 outcomes of the LLL course in the following format: increased theoretical knowledge in..., gained understanding of ..., capable of working with ..., etc.

Indicate if any of the following topics will be included

Can the LLL course be linked to a national certifcation scheme for certification / recertification purposes (even potentially in the future)?

If the previous question was answered Yes, please, provide short information on the scheme and how it could be linked with the LLL course:

Course outcomes

Which NQF level are the courses associated with?

Which EQF level are the courses associated with?

Is there an official way of accrediting the LLL courses so that standard ECTS credits can be awarded?

If the previous question was answered Yes, please, provide accreditation information – E.g. Law / regulation allowing such accreditation, overview of requirements, professional guarantee, etc.

If the previous question was answered No, please, indicate if and how you will recognize the attendance of LLL at your university Answer: An open-text field.

Will you accredit the LLL courses officially on the national level (other than ECTS awarding purposes)?
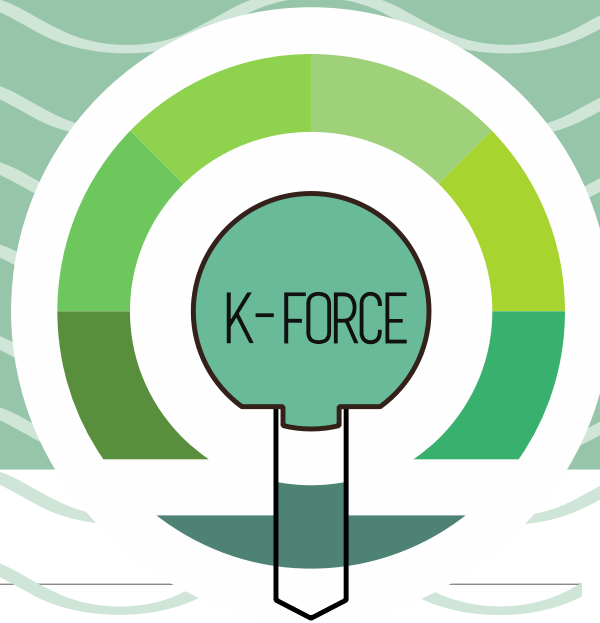

Course outcomes

If the previous question was Yes, please, provide accreditation information – E.g. Type of accreditation, accreditation body, law / regulation / professional association rules allowing such accreditation, overview of requirements, professional guarantee, etc.

What will be the formal outcome of the LLL course (mandatory question)

Certificate of attendance; Certification of passed exam; Count of hours attended, ECTS credits accountable towards higher / university education;   CPD (continuing professional development) hours / credits accountable towards existing scheme; Partial completion of education / training required for official certification / recertification; Full completion of education / training required for official certification / recertification; Other

Thank you for your attention!
