PART 4 – Visit to the DBI - The Danish Institute of Fire and Security Technology

A trainees will have opportunity to visit the Danish Institute of Fire and Security Technology. With nearly 100 years of experience in the field, they are experts in all aspects of fire safety - fire prevention, fire technology, fire investigation, consulting and security, etc. DBI is establishing new testing and development facilities, in order to meet all challenges in fire safety and fire protection. DBI is also active in research and development constantly developing new knowledge to achieve the best safety solutions.
