**SUSTAINABILITY MEASURES**

*University of Tuzla*  
*Faculty of Mining, Geology*  
*and Civil Engineering*

Co-funded by the  
Erasmus+ Programme  
of the European Union

## ***Sustainability measures UNTZ***

- 1. We will make Disaster risk management and fire safety engineering the only postgraduate study program at the Department of Safety;***
- 2. Increase the visibility of the master study;***
- 3. Attract the students from other departments and other faculties to enroll at the study program;***
- 4. Establish a close cooperation with the Ministry of Security of Bosnia and Herzegovina and other institutions dealing with security issues;***
- 5. Secure the guest lectures held by prominent professors from the related fields;***
- 6. Usage of procured software and equipment to maximum extent in training process within the course;***
- 7. Our professors and assistants will continue with permanent education in the related field through attendance at professional training seminars, conferences and related workshops.***
